- Control light sources with simple to use scenes and grouping via the LIGHTIFY App
- LED FLEX is available with three 2' strips, power supply, control module and also as an expansion strip

Light has never been so enriching, helpful, individual and networked. SYLVANIA LIGHTIFY brings the future of lighting into your home or business today. Experience intelligent, connected solutions that adapt at any time to your desires and lifestyle easily via existing mobile devices and a free, simple to use app.

The LIGHTIFY lighting system begins with a wireless Gateway (sold separately or in starter kit) that can be plugged into a standard wall outlet anywhere in your home or business, and wirelessly syncs with your existing WiFi network. The LIGHTIFY LED Flexible Strip RGBW comes with an easy to install adhesive backing and can contour around corners to fit a variety of locations. The strips can be set to any color and can also tune white, changing from a CCT of a warm 2700K all the way up to 6500K. The free, user-friendly LIGHTIFY App, which runs on Apple iOS7 or above and Android 4.1 or above, offers a variety of practical and playful options to control the lighting system and is simple to use, convenient and secure.

Product Offering
